N O D O collection

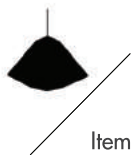

Just like long beautiful hair that's braided and adorned with colorful flowers, Nodo displays a warm festive scene for your space.

All handmade with natural and organic threads, it gives out an ethnic feeling with its carpet weaving look.

No matter if it's off or lit, the season in your space will magically change to Summer or at least to Spring with Nodo!

## **NODO BIRDY**

The Nodo Birdy series came to life with our enthusiasm for birds. Hoping to raise awareness of the birds facing extinction and all the endangered species, we hand knit NODOs using natural fibre and threads, all richly hued with the colors of several lovely birds.
